**MINUTES**

**Call to Order**

The Special meeting of the Board of Trustees of Community College District No. 511, Winnebago, Boone, DeKalb, McHenry, Ogle, and Stephenson Counties, Illinois, convened in Room 0214, known as the Performing Arts Room (PAR), in the Educational Resource Center (ERC) on the main campus on Tuesday, August 22, 2023. Rock Valley College President Dr. Howard Spearman, co-chair of the Decennial Committee, called the meeting to order at 5:15 p.m.

**Roll Call**

The following members of the committee were present:

Ms. Gloria Cardenas Cudia	Mr. Bob Trojan
Mr. Paul Gorski	Ms. Kristen Simpson
Mr. Richard Kennedy	Mr. John Nelson
Student Trustee Juan Nogueta	Ms. Jessica Jones
Mr. Adrian Vasquez	Dr. Howard Spearman
Ms. Heather Snider	Ms. Ann Kerwitz
Ms. Ellen Olson	

The following member of the committee was absent: Ms. Crystal Soltow

Also in attendance: Mr. Rick Jenks, Vice President Operations/Chief Operations Officer; Dr. Amanda Smith, Vice President Liberal Arts and Adult Education/Chief Academic Officer; Mr. Jim Handley, Vice President Human Resources; Dr. Patrick Peyer, Vice President Student Affairs; Mr. Keith Barnes, Vice President Equity and Inclusion; Dr. Hansen Stewart, Vice President Industry Partnerships and Community Engagement; Ms. Betsy Saucedo, Assistant to the President; Attorney Matthew Gardner, Robbins Schwartz.

**Communications and Petitions (Public Comment)**

No public comments were received.

**Approval of Minutes**

A motion was made by Adrian Vasquez, seconded by Gloria Cudia, to approve the minutes of the June 27, 2023 meeting.

There was no discussion. The motion was approved by majority roll call vote. Committee members Cudia, Jones, Kennedy, Kerwitz, Nogueta, Olson, Simpson, Snider, Trojan, Vasquez and Spearman voted yes. Committee members Gorski and Nelson voted no.

### **Presentation and Review of Illinois Community College Board (ICCB) Recognition Report**

Ms. Heather Snider, vice president institutional effectiveness and communications, presented a review of the Illinois Community College Board (ICCB) Recognition Report. In her report, she reviewed the legislation and purpose of the Decennial Committee, as well as the schedule for future meetings.

She further explained that Recognition is a statutory term describing the status of a community college district that meets instructional, administrative, financial, facility, and equipment standards as established by the ICCB. A favorable recognition status is a condition of state funding eligibility. Meeting ICCB standards is an indication of accountability to the state of Illinois and also provides a blueprint for efficient College operations.

Ms. Snider then reviewed the Academic Standards, Student Services/Academic Support Standards and Institutional Research/Reporting Standards, and explained the ICCB advisory recommendations and the College's response. The Finance/Facility Standards will be examined more closely by Vice President of Finance Ellen Olson at the October 24 meeting of the committee.

Snider noted that members of the committee received the Recognition Report prior to the meeting and did not submit any questions. The College administration recommends the committee members accept the ICCB Recognition Report as evidence of efficiencies and accountability of the College.

### **Discussion:**

Trustee Gorski commented that although the Recognition Report demonstrates efficiency and accountability to the ICCB, the final report of the Decennial Committee is to be distributed to each of the county boards in the College's district. However, because Rock Valley College is not accountable to the county boards, he suggested that the final report should include a recommendation that members of the state legislature be informed that the proposed legislation to change how trustees are elected (in subdistricts rather than at-large) would not increase the efficiency of the College nor of the trustees.

Trustee Nelson added that he concurs with Trustee Gorski that the College can save money by not having trustees elected by subdistricts. He also suggested that although the financial audit is good, hiring an independent auditor to report to an audit committee may increase efficiencies at the College.

Trustee Gorski added that may be a good idea, and the College's final report will remind county boards that the College is accountable to certifying organizations that function at a higher level of accountability than the county boards.

Attorney Gardner added that the Decennial Committee legislation does not create any accountability of the College to the county boards in the district. There is no case law to date, and he concurred that the legislation needs to be cleaned up.

Discussion continued regarding the possible intent of the legislation that created the Decennial Committee and the need (or not) for an outside auditor in addition to reviewing financial controls. Dr. Spearman added that this will be noted in the final report to the county boards.

### **President's Update**

Dr. Spearman explained that although shared services are among the legislation's suggestions for exploration by the Decennial Committees, this topic is currently being discussed by the five community college presidents in the ICCTA Northwest Region. Additionally, the Illinois Council of Community College Presidents (ICCCP) meets three or four times a year to discuss topics affecting all of the state's community colleges, including the potential for sharing services.

Dr. Spearman added that trustees, administrators, and presidents are invited to attend a meeting of the ICCTA Northwest Region to be held Tuesday, September 19 at Kishwaukee College. In addition to a tour of the College and dinner, attendees will hear an update on shared services and have the opportunity to participate in a discussion of related topics and ideas. He added that a review of shared services was not recommended to RVC's Decennial Committee, as college presidents can move faster in keeping with the spirit of the ICCB. As a reminder, trustees will hear more about cooperative agreements among community colleges at the September 12 Committee of the Whole meeting.

#### **Survey of Residents in Attendance**

Dr. Spearman asked those in the audience to complete the survey, emphasizing RVC employees who live within District #511, by using the QR code on the agenda and on the screen or by completing the printed copies available near the entrance of the room. He added that these surveys are anonymous and meet the requirements of the legislation. All survey data will be compiled and included in the final report.

**Date of Next Committee of the Whole Meeting:** September 12, 2023, 5:15 p.m. Meeting to be held in Room 0214, Performing Arts Room (PAR), Educational Resource Center (ERC) on the main campus.

**Date of Next Regular Meeting:** September 26, 2023, 5:15 p.m. Meeting to be held in Room 0214, Performing Arts Room (PAR), Educational Resource Center (ERC) on the main campus.

**Date of Next Decennial Committee Meeting:** October 24, 2023, 5:15 p.m. Meeting to be held in Room 1300, Advanced Technology Center, 1400 Big Thunder Blvd., Belvidere, IL. **Location for this meeting only.**

#### **Adjournment**

There being no further business to come before the Decennial Committee, at 5:50 p.m., a motion to adjourn was made by Trustee Cudia, seconded by Trustee Nelson. The motion was approved by unanimous voice vote.

# Annual Comprehensive Financial Report (ACFR)

**Purpose:** The Illinois Community College Board (ICCB) Financial Management Manual requires an external audit in compliance with Governmental Accounting Standards Board (GASB) 33/34 with minimal requirements. Rock Valley College participates in the Government Financial Officers Association (GFOA) Certificate of Achievement in Excellence in Financial Reporting.

The GFOA Certificate of Achievement (COA) encourages and assists state and local government to go beyond the minimum requirements of generally accepted accounting principles (GAAP) to prepare annual comprehensive reports that evidence the spirit of transparency and full disclosure. The goal of this program is that users of the financial information have the ability to access the financial health themselves.

# Annual Comprehensive Financial Report (ACFR)-continued

**GFOA Review Process:** Reports submitted to the COA program are reviewed by select members of the GFOA professional staff and the GFOA Special Review Committee (SRC), which is comprised of individuals with expertise in public sector financial reporting and includes financial statement preparers, independent auditors, academics and other finance professionals

1. Each ACFR is reviewed using a check list designed to determine compliance with GAAP and GFOA program policy.
2. Reviews are performed by GFOA staff and members of the SRC, reviewers are never selected from the same state as the report being prepared or from the same firm that performed the independent audit
3. A Certificate is only awarded if there is consensus among reviewers that an ACFR substantially complies with both GAAP and program policy.

The College has received this award for 16 consecutive years.

## Other Reporting Requirements

Rock Valley College makes the Annual Comprehensive Financial Report available for public consumption on the website, but also pursuant to Section 3-22.2 of the Public Community College Act, each district is required to publish a financial statement annually, at least once in a newspaper of general circulation in the district.

The ICCB Fiscal Management Manual provides guidance on the recommended format.

The annual audit and associated reports are due for submission to ICCB by December 30<sup>th</sup> and documentation of the publication is required to ICCB no later than January 15<sup>th</sup> of each year.

# Questions and Recommendations

College administration recommends that the committee members accept the Annual Comprehensive Financial Report as evidence of accountability.

Other recommendations:

- Administration recommends consideration of engaging an independent auditor/compliance officer biennially to review accountability across campus for compliance and adherence to policies and procedures. Estimated cost \$70,000 to \$80,000.

# Questions and Recommendations-continued

## Other recommendations:

- Update Board Policy 5:10:120 to require that expenditure in excess to \$25,000 be approved by the Board of Trustees.
  - ILCS 805/3-27.1 requires expenditures in excess of \$25,000 or a lower amount be approved by the Board.
  - The current \$10,000 Board Policy requirement goes back prior to 1999, the costs of items have escalated over the past 20+ years.
  - Increasing the requirement for Board of Trustee approval to \$25,000 will create efficiencies in conducting purchasing transactions with vendors in a business like and fair manner by permitting a quicker turn times on expenditures less than \$25,000. This will assist in facilitating the implementation of smaller projects and programs that may exceed the \$10,000 amount.
  - Reduce the amount of time spent preparing and documenting these items for Board of Trustee approval, so that departmental time can be better used in procuring items and services needed.
  - All expenditures are available for review on the monthly claims report provided to the Board of Trustees.

# Survey of Residents

At the conclusion of each meeting, the committee shall conduct a survey of residents who attended asking for input on the matters discussed at the meeting.

Executive Director/CEO

December 20, 2022

To the Members of the Board of Trustees of Rock Valley College and to the  
Citizens of Community College District Number 511:

Illinois Community College Board (ICCB) and Illinois Compiled Statute require all community colleges to submit and publish audited financial statements. The Comprehensive Annual Financial Report of Rock Valley College, Illinois Community College District Number 511 (College), for the fiscal year ended June 30, 2022, is hereby submitted. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and changes in financial position of the College, based upon a comprehensive framework of internal controls that have been established. All disclosures necessary to enable the reader to gain an understanding of the College's financial activities have been included. Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with management of the College.

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Rock Valley College for its comprehensive annual financial report for the fiscal year ended June 30, 2021. This award was the 15<sup>th</sup> consecutive year the College has achieved this prestigious award. To be awarded a Certificate of Achievement, the College must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is only valid for a period of one year. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements; we are submitting it to the GFOA to determine its eligibility for another certificate.

Sikich LLP, Certified Public Accountants, have issued an unmodified "clean" opinion on the College's financial statements for the years ended June 30, 2022 and June 30, 2021. The independent auditor's report for June 30, 2022 is located at the front of the financial section of this report.

Management of the College is responsible for establishing and maintaining internal controls designed to ensure that the assets of the College are protected from loss, theft or misuse, and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with accounting principles generally accepted in the United States. The internal controls are designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

Management's discussion and analysis (MD&A) immediately follows the independent auditors report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

### ***Profile of the College***

The College was established in 1964 through a district-wide referendum after a two-year study established the need for a community college. The College's district is comprised of all Winnebago County, most of Boone County and parts of Stephenson, Ogle, McHenry, and DeKalb counties. The College's main campus

is located on a 217-acre tract of land at Mulford and Spring Brook roads in Northeast Rockford. In addition to the main campus, the College operates programs at five owned and leased off-campus locations: Stenstrom Center for Career Education - home to Automotive Service Technology and Truck Driver Training; Advanced Technology Center - home the several technical programs; Bell School Center - which houses the College's Center for Learning and Retirement; Aviation Career Education Center at Chicago Rockford International Airport; North Main Street - employment assistance programs; and RVC Downtown - a site that provides Adult Education and general course offerings. The College holds Continuing Education classes at more than 50 sites throughout the district and operates employment and training programs at the Illinois Employment Training Center in Rockford, Illinois. Since opening for classes in 1965, the College has grown from a small community college with 35 faculty members and 1,100 students to an institution of 116 full-time faculty members, 214 part-time lecturers and more than 9,000 students. The College operates under the leadership of the Board of Trustees. The Board of Trustees consists of seven elected officials, all of whom are elected on a non-partisan basis, and one student trustee. The Board of Trustees is the policy making and legislative authority for the College.

The Rock Valley College Foundation (Foundation), established in 1979, is a 501(c)(3) non-profit corporation responsible for encouraging and administering private gifts to enhance the College's ability to serve the public. The Foundation is considered a component unit of the College and the Foundation's financial statements are included in this financial report following the College's financial statements.

### ***Local Economy***

Changes in the local economy have an impact on the College's organization, productivity, facilities, and fiscal capability. Factors impacting efforts to assist the region in sustaining strong economic growth:

- A leading manufacturing center, our existing manufacturers range from micro-machining to chemical production. The region produces over \$16 billion dollars of goods and services. The current unemployment rate is roughly 6.8 percent, down from 9.5 percent the previous year as the region recovers from the COVID-19 pandemic and the increase in jobs added. The region continues to encourage entrepreneurship as well as raising educational levels to prepare people for new jobs in the future. Some of those jobs may be in green construction and alternative energy. Additionally, as the local aerospace industry continues to grow and demand a skilled workforce, the need for developing engineering talent has become a greater priority. Local area businesses are encouraging degree attainment for the benefit of the individual, the company and the entire region. Rock Valley College is a key component in the collaboration among businesses and education to make certain the region can provide skilled workforce.
- Rock Valley College provides insight and support to help K-12 districts develop curricula to best prepare graduates for college-level work. We also assist local high schools with career-specific critical skills for students who have a particular subject or job interest beyond high school. For those students interested in health care, manufacturing or automotive technology, for example, there are opportunities to begin targeted classes while still in high school. These partnerships with the K-12 districts address critical skills shortages in healthcare and manufacturing.

### ***Long-Term Financial Planning***

The College prepares a financial planning model to ensure the budget is completed in a timely and efficient manner; currently quarterly financial reporting demonstrates the College is maintaining a balanced operating position. The College is required to prepare an annual budget that must be adopted by the Board of Trustees within or before the end of the first quarter of each fiscal year. The annual budget serves as the foundation for the College's financial planning and controls.

## **Major Initiatives**

The College's 2022-2027 Strategic Plan is supported by four pillars, each with 2-3 strategic goals:

- Access: Provide district residents with improved accessibility to college, training, and careers.
  - Strategic Goal 1: Provide district residents with improved accessibility to credit programs and certificates.
  - Strategic Goal 2: Provide district residents with improved accessibility to non-credit programs, certificates, and training.
  
- Exceptional Educational Opportunities: Provide high-quality certificates, degrees, and co-curricular programs to meet district/community and regional needs and improve student success.
  - Strategic Goal 1 (Academic Plan): Ensure high-quality and relevant certificate, degree, and co-curricular programs.
  - Strategic Goal 2 (Academic Plan; Strategic Enrollment Plan): Improve student readiness, academic success, and sense of belonging.
  
- Exceptional Training Opportunities: Provide high-quality training and professional development to align to college, district/community, and regional needs and where employees and learners can make progress towards their educational and career goals.
  - Strategic Goal 1 (Workforce Development Plan): Increase the number of grants, scholarships, and endowments to support students enrolled in credit and non-credit programs that meet the regional workforce's need for skilled employees.
  - Strategic Goal 2 (Professional Development Plan): Provide high-quality training and professional development to improve human performance and bridge the gap between college needs and employees' educational and career goals.
  
- Diversity, Equity, and Inclusion: Create and sustain a diverse, equitable, and inclusive campus that improves campus culture, promotes accountability for the campus DEI effort, and increases the cultural competence of all employees, learners, and other stakeholder groups.
  - Strategic Goal 1 (DEI Plan): Improve the campus culture by establishing cultural competence, trust, and a sense of belonging among employees and learners.
  - Strategic Goal 2 (DEI Plan): Close equity gaps so that students from diverse racial, gender, and socioeconomic backgrounds can access and achieve their academic and career goals.
  - Strategic Goal 3 (DEI Plan): Employ a culturally competent workforce that reflects student and community demographics.

These strategic goals are further supported by actions within the Strategic Enrollment Management Plan, Academic Plan, Information Technology Plan, and Professional Development Plan.

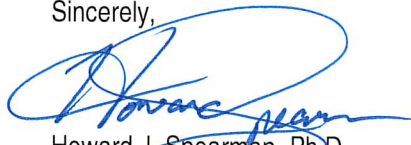

*Independent Audit.* State statutes require an annual audit by independent certified public accountants. The accounting firm of Sikich LLP was selected by the College's Board of Trustees. The auditors' report on the financial statements and schedules is included in the financial section of this report.

## **Acknowledgements**

The preparation of this report in a timely manner would not have been possible without the dedicated service of the entire staff of the Financial Services department and especially the assistance of Sarah Shumway, and other Financial Services staff. Each member of the department has our sincere appreciation for the contributions made in the preparation of this report.

In closing, without the leadership and support of the Board of Trustees of the College, preparation of this report would not have been possible.

### **Report on the Audit of the Financial Statements**

#### **Opinions**

We have audited the accompanying financial statements of the business-type activities of Rock Valley College - Illinois Community College District Number 511 (the College) and the discretely presented component unit, Rock Valley College Foundation (the Foundation), as of and for the years ended June 30, 2022 and 2021, and the notes to financial statements, which collectively comprise the College's basic financial statements as listed in the accompanying table of contents.

In our opinion, the basic financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of Rock Valley College - Illinois Community College District Number 511 and the discretely presented component unit, Rock Valley College Foundation as of June 30, 2022 and 2021, and the changes in financial position and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statements of the Foundation were not audited in accordance with *Government Auditing Standards*. Our responsibilities under these standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the College and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audits.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context.

We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Supplementary Information*

Our audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise the College's basic financial statements. The supplementary information is presented for purposes of additional analysis and is not a required part of the basic financial statements. The supplementary information is the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements.

The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### *Other Information*

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audits of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 20, 2022 on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

**ROCK VALLEY COLLEGE  
ILLINOIS COMMUNITY COLLEGE DISTRICT NUMBER 511  
MANAGEMENT'S DISCUSSION AND ANALYSIS**

---

***Management's Discussion and Analysis:***

This section of Rock Valley College's Comprehensive Annual Financial Report presents management's discussion and analysis of the College's financial performance during the fiscal years ended June 30, 2022 and 2021 and is designed to focus on current activities. Therefore, please read this MD&A in conjunction with the accompanying transmittal letter, the College's basic financial statements and the footnotes. Certain comparative information between the current year and the prior year is required to be presented in the MD&A. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the College. The enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and changes in financial position of the College. All disclosures necessary to enable the reader to gain an understanding of the College's financial activities have been included.

***Using This Annual Report:***

The financial statements focus on the College as a whole. The college's financial statements are designed to emulate corporate presentation models whereby the College activities are consolidated into one total. The focus of the Statements of Net Position is designed to be similar to bottom line results for the College. This financial statement combines and consolidates current financial resources (short-term unrestricted resources) with capital assets and long-term liabilities. The Statement of Revenues, Expenses and Changes in Net Position focuses on operating revenue, operating expenses by function, and non-operating revenue/expenses which are supported mainly by tuition and fees, property taxes, state, federal and other revenues. This approach is intended to summarize and simplify the user's analysis of cost related to College services to students and the public.

The remainder of the MD&A highlights the structure and contents of the primary government's financial statement. For detailed information pertaining to the Foundation (the College's discretely presented component unit), refer to the separately issued Foundation financial statements for the year ended June 30, 2022.

Total net position	\$ 107,063,561	\$ 96,071,799	\$ 10,991,762	11.4

This schedule is prepared from the College's Statement of Net Position (pages 5-6) which is presented on an accrual basis of accounting and the economic resources measurement focus whereby assets are capitalized and depreciated. Fiscal year 2021 is presented on a comparative basis due to the adaptation of GASB Statement No. 87, Leases.

The College's total net position at June 30, 2022, increased from \$96,071,799 to \$107,063,561, an increase of approximately 11.4 percent. This is directly related to an increase in unrestricted capital during the year.

In fiscal year 2022, the College's total assets and deferred outflows of resources increased by \$1,461,030 to \$240,322,921. Current assets also increased from \$125,044,446 to \$127,301,344. The increase in current assets is due to increases in cash and cash equivalents due to receiving 100% of the State Funds, plus additional grant funds for HEERF, Workforce Equity Initiative and other grants received in response to COVID-19 pandemic. This was partially offset by a decline in restricted cash and cash equivalents due to disbursement for the Advanced Technology Center. Noncurrent assets decreased from \$112,545,042 to \$109,732,806 due to a decrease due to the net value of assets being depreciated offset in part by an increase due to the addition of capital assets during the year.

Total liabilities and deferred inflows of resources decreased from \$142,790,092 to \$133,259,360. Current liabilities decreased \$5,413,151 which is attributed to a decrease in accounts payable of approximately \$2,082,297, a decrease in the current portion of bonds payable of approximately \$3,888,505. Noncurrent liabilities decreased \$4,465,912 which is mostly related to a decrease in bonds payable.

Total net position	<u>\$ 96,071,799</u>	<u>\$ 80,861,929</u>	<u>\$ 15,209,870</u>	<u>18.8</u>

The College's total net position at June 30, 2021, increased from \$80,861,929 to \$96,071,799, an increase of approximately 18.8 percent. This is directly related to an increase in capital during the year.

In fiscal year 2021, the College's total assets and deferred outflows of resources increased by \$18,909,693 to \$238,861,891. approximately \$3,050,111 of the increase is due to the restatement of fiscal year 2021 for the implementation of GASB 87, *Leases*. Current assets also increased from \$109,851,084 to \$125,044,446. The increase in current assets is due to increases in cash and cash equivalents due to receiving 100% of the State Funds, plus additional grant funds for HEERF, Workforce Equity Initiative and other grants received in response to COIVD-19 pandemic. This was partially offset by a decline in restricted cash and cash equivalents due to disbursement for the Advanced Technology Center. Noncurrent assets increased from \$108,828,711 to \$112,545,042 due an increase in construction in process for the Advanced Technology Center offset in part due to the net value of the capital assets being depreciated.

Total liabilities and deferred inflows of resources increased from \$138,580,739 to \$142,790,0960, of that increase \$3,050,111 is due to the restatement of fiscal year 2021 for the implementation of GASB 87, *Leases*. Current liabilities increased \$5,353,085 which is attributed to an increase in accounts payable of approximately \$3,467,000 and. Noncurrent liabilities decreased \$9,243,774 which is mostly related to a decrease in bonds payable.

Total revenues decreased \$4,614,671, a decrease of approximately 4.6 percent. Operating revenues increased \$845,267, an increase of 5.4 percent. Operating revenues increased due to an increase in sales and service fees of approximately \$419,824 and other operating revenue of \$451,471. Non-operating revenues decreased \$5,459,938, a decrease of 6.4 percent. This decrease is attributed to decreases in State Appropriations (SURS on behalf) of approximately \$6,646,253 partially offset by an increase in local property taxes of approximately \$540,554.

Total expenses decreased \$401,552, a decrease of approximately 0.5 percent. Operating expense increased \$619,014, primarily due to an increase in materials and supplies of approximately \$949,240, fixed expenses \$1,871,354 and an increased in HEERF disbursements of approximately \$5,075,376. The decrease of \$6,347,442 in salaries and benefits is due to a decrease in the SURS on behalf allocation of \$6,646,253, offset by an increase to salaries of approximately \$958,147. Contractual service decline by approximately \$1,209,844 due to non-recurring emergency expense from tornado damages in August, 2020. Non-operating expenses decrease \$1,020,566 which is attributable to a decrease in interest on debt related to capital assets.

In general, the ending net position for fiscal year 2022 increased \$10,991,762. Details for revenues and operating expenses are covered in more detail in the subsequent sections.

Total revenues increased \$5,162,984, an increase of approximately 5.4 percent. Operating revenues decreased \$1,958,533, a decrease of 11 percent. The decrease in operating revenues is primarily attributed to a decrease in student tuition and fees, net of scholarship allowance, of approximately \$657,000, a decrease in sales and service fees of \$687,000, due primarily to tickets sales for Starlight Theatre, and a decrease in other revenues of \$599,000, partially due to rental income. These decreases were due to the impact caused by the COVID-19 pandemic. Non-operating revenues increased \$7,121,517, an increase of 9.1 percent. This increase is attributed to increases in local property taxes of approximately \$287,000, State Grants of approximately \$617,000, State Appropriations (SURS on behalf) of \$1,311,000, and Federal Grants of \$5,360,000 due to the HEERF grant funds. The increases in non-operating revenue are offset by decreases in Investment Income of approximately \$1,009,000.

Total expenses increased \$4,030,148, an increase of approximately 4.9 percent. This is due to an increase in operating expenses of \$4,388,656, primarily due to an increase in salary and benefits and distributions to students from HEERF grant funds, whereas the benefit increase is directly attributed to an increase in the SURS on behalf allocation. This increase was offset by a decrease in non-operating expenses of \$358,508 which is attributable to a decrease in interest on debt related to capital assets.

In general, the ending net position for fiscal year 2021 increased \$15,209,870. Details for revenues and operating expenses are covered in more detail in the subsequent sections.

**2022 Analysis of Revenues:** In FY 2022, the College's total revenues decreased by \$4,614,671, a decrease of 4.6 percent. The decrease in operating revenues is primarily attributed to a decrease in State Appropriations (SURS) of \$6,646,253 and Federal grants, which includes HEERF grant funds of \$1,772,819. These decreases were offset by increases in personal property replacement tax of \$2,487,349. Investment income includes \$129,941 of unrealized losses due to recording investments at market value. The unrealized investment losses were the result of the rising rate interest environment in the later part of the fiscal year.

**2021 Analysis of Revenues:** In FY 2021, the College's total revenues increased by \$5,162,984, an increase of 5.4 percent. The increase in operating revenues is primarily attributed to an increase State grants of approximately \$617,193, Federal grants, which includes HEERF grant funds of \$5,360,493 and State Appropriations (SURS) of \$1,311,179. These increases were offset by decreases in Student Tuition and Fees of \$657,053, Sales and Service of \$686,559 and Investment Income of \$1,005,145.

The following is a graphic illustration comparing fiscal years 2022, 2021, and 2020 revenues by source:

Student tuition and fees (net of scholarship allowances) decreased 0.01 percent from last year, along with decreases of 8.9 percent for Federal grants and contracts, 31.6 percent for State appropriations, 101.1 percent for investment income and 14.5 percent for other. This is offset by increases in sales and service fees of 64.5 percent, State grants and contract of 4.6 percent local property taxes of 1.9 percent and personal property tax replacement tax of 118.0 percent.

2021 Analysis of Operating Expenses by Function: The College's operating expenses by function increased approximately \$4,388,656 or 5.5 percent from prior year. This is due to an increase of \$3,859,209 in Institutional Support which is related to an increase in the SURS on behalf and an increase in expenditures of the HEERF institution allocation. Scholarship, grants and waivers decreased by \$1,681,674 due to a decrease in Federal Pell Grants distributed to students.

The following is a graphic illustration comparing fiscal years 2022, 2021, and 2020 expenses by function:

State Appropriations for the State Universities Retirement System decreased. This decrease impacts the function areas of areas of instruction, academic support, student services, public service, plant, operations & maintenance, institutional support, and auxiliary services. Expenditures of the institutional allocation of the HEERF grant funds increased the functional area of institutional support.

**2022 Analysis of Operating Expenses by Object:** Overall, the College's fiscal year operating expenses increased \$619,014 or 0.7 percent. The decrease in employee benefits of approximately \$7,294,889 is due to a decrease of \$6,088,397 from the State Universities Retirement System of Illinois Pension plan (SURS) on-behalf and a decrease in Other Postemployment Benefits (OPEB) expense of \$890,575. Contractual Services decreased \$1,209,844 which is attributed to in the prior fiscal year the College experienced increased expenditures during recovery from tornado damages in August, 2020. Increases in general materials and supplies of \$949,240 was due to grant expenditures. The increase in fixed charges is due to changes in debt service. The increase of \$5,472,417 in Other Expenses which is attributed to expenditure of both the student and institutional portions of the HEERF grant funds.

**2021 Analysis of Operating Expenses by Object:** Overall, the College's fiscal year operating expenses increased \$4,388,656 or 5.5 percent. The increase in employee benefits of approximately \$1,364,700 is due to an increase of \$371,023 from the State Universities Retirement System of Illinois Pension plan (SURS) on-behalf and an increase in group medical insurance of \$588,112. Contractual Services increased \$1,126,351 which is attributed to expenditures incurred during recovery from tornado damages in August, 2020. Increases in general materials and supplies of \$645,190 was due to grant expenditure along with an increase of \$1,580,424 in Other Expenses which is attributed to expenditure of both the student and institutional portions of the HEERF grant funds.

The following is a graphic illustration comparing fiscal years 2022, 2021, and 2020 expenses by object:

Total salaries increased slightly this year due to the return of a new normality as the number of classes taught through Community and Continuing Education post COVID-19 pandemic and the ability to provide classes in person. Employee benefits increased this past year due to a decrease in SURS pension plan “on-behalf” expenses and a decrease in Other Postemployment Benefits (OPEB). Contractual services decreased due to repairs from tornado damage in the prior fiscal year that did not recur. General material/supplies also increased due to grant purchases of equipment and materials for students. Travel and conferences increased as post-COVID travel has increased Other expenses, which include the HEERF grant funds, increased due to allocating funding to students that qualified for federal financial aid and expending the institutional portion. Depreciation decreased in fiscal year 2022.

**2022 Capital Assets:** The capital and tangible assets cost balance increased by approximately \$5,107,342 from \$254,241,757 one year ago to \$259,349,099. The increase in construction in progress is largely due to the continued buildout of the Advanced Technology Center. The current year's depreciation expense of approximately \$7,809,334 increased over the prior year depreciation expense of approximately \$7,582,072. Intangible Assets was the result of the implementation of GASB Statement 87, *Leases*. Fiscal year 2021 is restated to reflect the impact and as a result, intangible assets, net, decreased \$59,306 from \$1,249,738 to \$1,190,432. The increase in land and equipment was due to the inception of a new lease during the year.

**2022 Long-term Debt:** As of June 30, 2022, the College's bonds payable decreased from \$66,065,907 to \$58,032,476. The decrease is attributable to the principal payments of Series 2017A and Series 2017C. During the year, the College completed a bond refunding, shortening the maturity of the bonded debt. Series 2015 D was refunded in full and Series 2015C was refunded in part. The unamortized bond premium increased \$921,569 due to the bond refunding. Rock Valley College is scheduled to pay off its bonded debt in FY 2028 after the bond refunding was completed, reducing scheduled repayment by six years.

The College's accrued compensated absences balance for fiscal year 2022 was \$863,214, with the current portion due within one year at \$129,482. Accrued compensated absences increased by \$38,374 from the fiscal year 2021 balance of \$824,840.

During fiscal year 2022, the College implanted GASB Statement No. 87, *Leases*. This statement required the College to recognize certain lease assets and liabilities that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the contractual payment provisions. Under this statement the lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. As of June 30, 2022, the lease liability and intangible right to use lease asset was \$1,190,432 with the current portion amounting to \$246,995. The lease receivable and deferred inflow of resources was \$6,478,085.

In fiscal year 2018, the College implemented GASB Statement No. 75, *Accounting for Other Post-Employment Benefits*. This statement required the College to record its proportionate share of the liability for the State College Insurance Plan. For fiscal year 2022, this decreased from \$24,333,939 to \$23,995,913.

In fiscal year 2006, the College implemented GASB Statement No. 47, *Accounting for Early Termination Benefits*. This statement required the College to record and accrue for voluntary and involuntary benefits employees receive after employment has ended with the College that relates to an early termination plan and offering. The College currently has retired employees who opted to participate in an early retirement plan that qualify to have early retirement benefits recorded under this Statement. As of June 30, 2022, early termination payable was \$253,314 with the current portion amounting to \$34,914. The net decrease in early retirement benefits amounted to \$1,849.

See Capital Assets Note No. 4, General Obligation Debt Certificates and Bonds Note No. 5, Early Retirement Benefits Note No. 7, and Retiree Health Plan Note No. 8 to the basic financial statements for further information.

**2022 Analysis:** The College's net position increased by \$11,097,241 in 2022 to \$107,169,040 due to increases in net investment in capital assets, debt service, and unrestricted net position. These increases were offset by decreases in liability, protection, and settlement and other restricted.

**2021 Analysis:** The College's net position increased by \$15,209,870 in 2021 to \$96,071,799 due to increases in net investment in capital assets, debt service, and unrestricted net position. These increases were offset by decreases in liability, protection, and settlement and other restricted.

***Economic Factors That May Affect the Future:***

The College continues to be concerned with the budgetary deficits incurred by the State of Illinois and the impacts these deficits may have on future funding for community colleges and financial aid for students. The College is tracking proposed legislation for pension and retiree healthcare benefits; both of which may have a significant impact on the College. The prolonged low interest rate environment has had an adverse impact on the revenue the College generates from working cash and bond proceeds to help finance operations and capital investment. Inflation pressure and supply chain issues have increased costs for the College. Late in fiscal year 2022 and moving into fiscal year 2023, the Federal reserve has rapidly raising their key fed funds rate as it tries to reduce the inflation rate. The increase in interest rates will increase the revenue that the College generates on its deposits.

The unemployment rate throughout the State and community has continued to stabilize from when the COVID-19 pandemic began to shut down the economy causing the State unemployment rate to increase. The unemployment rate at the end of the current fiscal year is 4.8%, down from 7.2% a year ago. Currently, the full impact of the COVID-19 pandemic is unknown on the impact on the future enrollment as the trends illustrate students are taking a gap year and enrollment at community colleges continue to be down across the country. However, the College continues its commitment to maintain low tuition costs and fees to provide affordable education and training for members of the community. The College opened the Advanced Technology Center in January, 2022 to meet the needs of the businesses within our district. Continuing to maintain low tuition costs will have to be balanced with the need to cover expenses to ensure the quality and breadth of the College product offering is not impacted.

The College continues to track property values and economic activity to forecast funding impacts. The College saw an increase in the assessed evaluations of the College's districts for Levy Year 2021. Therefore, it was able to maintain the tuition rates for fiscal year 2022.

NOTES TO FINANCIAL STATEMENTS

June 30, 2022 and 2021

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accounting policies of Rock Valley College - Illinois Community College District Number 511 (the College) conform to accounting principles generally accepted in the United States of America as applicable to colleges and universities as well as those prescribed by the Illinois Community College Board (ICCB). The College reports are based on all applicable Governmental Accounting Standards Board (GASB) pronouncements.

a. Financial Reporting Entity

Accounting principles generally accepted in the United States of America require that the financial statements of the reporting entity include: (1) the primary government; (2) organizations for which the primary government is financially accountable; and (3) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The College is a unit of state and local government governed by a Board of Trustees (the Board) which is elected by the public and is fiscally independent. The College has the statutory authority to adopt its own budget, to levy taxes and to issue bonded debt within certain dollar limits without the approval of another government and has the right to sue and be sued. Based on these criteria, the College is considered a primary government. Rock Valley College Foundation (the Foundation) has a significant relationship with the College and, therefore, is included as a discretely presented component unit of the College. The Foundation is reported after the College's financial statements to emphasize it is legally separate from the College.

b. Discretely Presented Component Unit

The Foundation is a nonprofit organization with a fiscal year end of June 30. The Foundation's mission is to advance and support the priorities of the College for quality programs and service to the College by developing and obtaining financial contributions from private sources. The Foundation helps assure the College's role as a catalyst for improving the quality of life in our community. The Foundation is managed by a Board of Directors with additional ex officio directors and one liaison from the College Board of Trustees. In addition, the Foundation has one Board of Directors emeritus member. The Foundation is exempt from federal income taxes pursuant to the provisions of Section 501(c)(3) of the Internal Revenue Code.

b. Discretely Presented Component Unit (Continued)

Complete financial statements for the Foundation may be obtained at the Foundation's administrative office: Rock Valley College Foundation, 3301 North Mulford Road, Rockford, Illinois 61114.

c. Measurement Focus, Basis of Accounting and Basis of Presentation

For financial reporting purposes, the College is considered a special-purpose government engaged only in business-type activities. Accordingly, the College's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned and expenses are recorded when an obligation has been incurred. All significant intra-agency transactions have been eliminated.

Non-exchange transactions, in which the College receives value without directly giving equal value in return, include property taxes, federal, state and local grants, state appropriations and other contributions. On an accrual basis, revenue from property taxes is recognized in the period for which the levy is intended to finance. Revenue from grants, state appropriations and other contributions is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include (1) timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; (2) matching requirements, in which the College must provide local resources to be used for a specified purpose; and (3) expense requirements, in which the resources are provided to the College on a reimbursement basis.

d. Accounting Estimates

The preparation of the financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows, liabilities and deferred inflows and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses, including functional allocations during the reporting period. Actual results could differ from those estimates.

e. Cash and Cash Equivalents

The College considers cash equivalents to include all demand deposits, The Illinois Funds Money Market Fund and Illinois School District Liquid Asset Fund Plus. Investments which have a purchased maturity greater than 90 days are not considered to be cash equivalents.

**ILLINOIS COMMUNITY COLLEGE DISTRICT NUMBER 511**  
**ROCKFORD, ILLINOIS**  
NOTES TO FINANCIAL STATEMENTS (Continued)

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

f. Investments

The College's investments, with maturities less than one year when purchased and all certificates of deposit, are reported at cost or amortized cost. Investments, with a maturity greater than one year at the time of purchase, are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is based on published fair values on June 30, 2022 and 2021.

g. Prepaid Items

Payments for goods and services that benefit future periods are recorded as prepaid items.

h. Restricted Cash and Cash Equivalents and Investments

Restricted cash and cash equivalents and investments are unspent bond proceeds, funds on deposit with the Capital Development Board and other resources restricted for the purpose of constructing and purchasing capital assets.

i. Capital Assets

Capital assets include property, plant, equipment and infrastructure assets, such as roads and sidewalks. Capital assets are defined by the College as assets with an initial unit cost of \$5,000 or more and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated acquisition value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Capital assets of the College are depreciated using the straight-line method over the following useful lives:

Assets	Years
Land improvements	10
Buildings	40
Buildings additions	20
Office equipment	3
Instructional equipment	3-5
Service equipment	5
Vehicles	3

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

i. Capital Assets (Continued)

Intangible assets represent the College's right-to-use a leased asset. These intangible assets, as defined by GASB Statements No. 87, *Leases*, are for lease contracts of nonfinancial assets including vehicles and equipment.

j. Unearned Tuition and Fee Revenue

Tuition and fee revenues received or receivable and related to the summer or fall period after June 30, 2022 and 2021 have been deferred.

k. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

l. Compensated Absences

Full-time employees of the College are eligible to earn vacation days based on their service time. Each employee may accumulate these vacation days up to four weeks. Once the accumulated vacation days exceed four weeks, all unused excess days are forfeited as of December 31 of each year. Vacation days for employees working in grant programs will be advanced at the beginning of each grant cycle. Grant employees are allowed to use 50% of vacation hours within the first six months of the grant cycle and 50% in the second six months. Any unused vacation days at the end of the annual grant cycle will be forfeited. Full-time employees also accrue 12 sick days per year and may accumulate an unlimited amount of sick days. The College does not accrue sick days as employees forfeit their sick days when ending employment with the College. As of June 30, 2022 and 2021, all vested vacation days have been accrued.

m. Long-Term Obligations

The College reports long-term debt at face value in the basic financial statements. Any bond premiums and discounts are capitalized and amortized over the term of the bond using the straight-line method.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

n. Net Position

None of the College's restricted net position is restricted as a result of enabling legislation of the College. The College's net position is classified as follows:

Net Investment in Capital Assets

Represents the College's total investment in capital assets, net of accumulated depreciation and the outstanding debt used to purchase capital assets.

Restricted Net Position

Includes resources that the College is legally or contractually obligated to spend in accordance with restrictions imposed by external third parties. When both restricted and unrestricted resources are available for use, it is the College's policy to use restricted resources first, then unrestricted resources when they are needed.

Unrestricted Net Position

Includes resources derived from student tuition and fees, state appropriations, sales and service fees and auxiliary services. These resources are used for transactions relating to the educational and general operations of the College and may be used at the discretion of the governing board to meet current expenses for any purpose.

o. Classification of Revenues

Operating revenues include activities that have the characteristics of exchange transactions, such as (1) student tuition and fees, net of scholarship allowances; (2) sales and service fees; and (3) auxiliary services. Non-operating revenues include activities that have the characteristics of non-exchange transactions, such as (1) property taxes; (2) state appropriations; and (3) most federal, state and local grants and contracts and state appropriations. Other revenue primarily consists of gifts and contributions.

p. Classification of Expenses

Operating expenses include the costs of delivering educational programs and services, facility operations, auxiliary enterprises, administrative expenses and depreciation. All other expenses, not meeting this definition, are reported as non-operating expenses.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

q. Federal Financial Assistance

The College participates in federally funded Pell Grants, SEOG Grants, Federal Work Study and Federal Family Education Loans. Federal programs are audited in accordance with the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and the Compliance Supplement.

r. Proportionate Share of Revenue and Expense

The College applies the requirements of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, whereby the State of Illinois is responsible for the employer contribution and the total pension liability resulting from a special funding situation. Therefore, for the fiscal years ended June 30, 2021 and 2020, the College has reported its proportionate share of the collective pension expense and revenue for the State's special funding situation. In addition, the College applies the requirements of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, whereby the State of Illinois is responsible for 50% of both employer contribution and the total other postemployment benefit (OPEB) liability resulting from a special funding situation. Therefore, for the fiscal years ended June 30, 2022 and 2021, the College has reported its proportionate share of the collective OPEB expense and revenue for the state's special funding situation in addition to reporting the College's proportionate share of the OPEB liability and related expense.

**2. CASH, CASH EQUIVALENTS AND INVESTMENTS**

The College's investment policy authorizes the College to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. agencies, insured credit union shares, money market mutual funds with portfolios of securities issued or guaranteed by the United States Government or agreements to repurchase these same obligations, repurchase agreements, short-term commercial paper rated within the three highest classifications by at least two standard rating services and The Illinois Funds. The Illinois Funds was created by the Illinois State Legislature and is managed by the Illinois State Treasurer. It acts as a money market fund that maintains a \$1 per share value.

NOTES TO FINANCIAL STATEMENTS (Continued)

---

**2. CASH, CASH EQUIVALENTS AND INVESTMENTS (Continued)**

The College's policy is to invest its funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the College and conforming to all state and local statutes governing the investment of public funds, using the "prudent person" standard for managing the overall portfolio. The primary objective of the policy is safety of principal, liquidity, yield and maintaining the public trust.

Deposits

Custodial credit risk for deposits with financial institutions is the risk that in the event of bank failure, the College's deposits may not be returned to it. The College's investment policy requires pledging of collateral for all bank balances in excess of federal depository insurance with the collateral held by an independent third party in the College's name. The College's deposits with two financial institutions are collateralized by securities and/or letters of credit pooled by the College's agent and in the name of the College's agent.

Illinois School District Liquid Asset Fund Plus is a not-for-profit investment trust fund formed pursuant to the Illinois Municipal Code and is managed by a Board elected from the participating members. The fund invests member deposits, on a pooled basis, primarily in short-term certificates of deposit and in high rated short-term obligations of the U.S. Treasury and major United States corporations and banks. The fair value of the College's position in the pool is the same as the value of the pool shares. The credit rating provided by Standard & Poor's of the Illinois School District Liquid Asset Fund Plus - Liquid and Max Class was AAAM at June 30, 2022 and 2021.

The cash held in the Illinois School District Liquid Asset Fund Plus is not subject to custodial credit risk categorization.

The College limits its exposure to credit risk, the risk that the issuer of a debt security will not pay its par value upon maturity, by primarily investing in obligations guaranteed by the United States Government or securities issued by agencies of the United States Government that are explicitly guaranteed by the United States Government. However, the College's investment policy does not specifically limit the College to these types of investments.

Custodial risk for investments is the risk that, in the event of a failure of the counterparty, the College will not be able to recover the value of investments that are in the possession of an outside party. The College's investment policy requires all investments to be purchased on a delivery versus payment (DVP) basis with the underlying investment being held by an independent third party, acting as an agent of the College, in the College's name.

Investments

As of June 30, 2022, the College had investments and maturities as follows:

Investment	Fair Value	Investment Maturities		
		Less Than 6 Months	6 Months to 1 Year	1 Year to 3 Years
Negotiable certificates of deposit	\$ 1,801,360	\$ 25,004	\$ 778,196	\$ 998,160
U.S. agency obligations	997,807	997,807	-	-
U.S. Treasury obligations	6,485,328	2,337,926	2,453,252	1,694,150
<b>TOTAL</b>	<b>\$ 9,284,495</b>	<b>\$ 3,360,737</b>	<b>\$ 3,231,448</b>	<b>\$ 2,692,310</b>

As of June 30, 2021, the College had investments and maturities as follows:

Investment	Fair Value	Investment Maturities		
		Less Than 6 Months	6 Months to 1 Year	1 Year to 3 Years
Negotiable certificates of deposit	\$ 7,195,469	\$ 2,066,990	\$ 3,021,277	\$ 2,107,202
<b>TOTAL</b>	<b>\$ 7,195,469</b>	<b>\$ 2,066,990</b>	<b>\$ 3,021,277</b>	<b>\$ 2,107,202</b>

The College categorizes its fair value measurements within the fair value hierarchy established by GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

The College has the following recurring fair value measurements as of June 30, 2022 and 2021: negotiable certificates of deposit of \$1.8 million and \$7.2 million, respectively, U.S. agency obligations of \$1.0 million and \$0, respectively, and U.S. Treasury obligations of \$6.5 million and \$0, respectively, are valued using quoted matrix pricing models (Level 2 inputs).

Credit risk is the risk that an issuer or other counter party to an investment will not fulfill its obligations. The College has adopted a policy to minimize credit risk by limiting investments types, pre-qualifying the financial institutions, broker/dealers, intermediaries and advisers with which the College will do business and diversifying the investment portfolio so that the impact of potential losses from any one type of security or from any one individual issuer will be minimized.

Investments (Continued)

Interest rate risk is the risk that the fair value of securities in the portfolio will fall due to changes in market interest rates. The College's investment policy provides for the structuring of the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell maturities on the open market prior to maturity. The policy also provides for the investing of operating funds primarily in short-term securities, money market mutual funds or similar investment pools and limiting the average maturity of the portfolio in accordance with this policy.

Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The Public Funds Investment Act limits investments in short-term obligations of corporations to no more than one-third of college funds. Not more than 75% of the funds available for investment may be placed in a single allowable investment instrument or with a single investment entity.

Derivatives - The College's investment policy specifically prohibits the use of or the investment in derivatives.

**3. PROPERTY TAXES**

Property taxes are recognized as a receivable of the College at the time they are levied, and the property taxes receivable represent the portion of the applicable current year levy still uncollected. An allowance for uncollectible amounts (approximately 0.5% of the current levy) has been provided on the outstanding receivable amount and is based upon past collection experience. Property taxes are levied in December on all taxable real property in the district. The December tax levy attaches as an enforceable lien on the property as of the preceding January 1.

Taxes become due and collectible in June and September and are collected by the county collector, who in turn remits to the College its respective share. The College receives these remittances approximately one month after the collection dates. The College recognizes the most recent levy passed in December as a receivable upon passage (this is the date upon which a legal claim exists and amounts are known). The College recognizes as revenue one-half of the current year levy in the current fiscal year with the second half to be recognized in the following fiscal year. The 2022 tax levy, which attached as an enforceable lien on property as of January 1, 2022, has not been recorded as a receivable as of June 30, 2022, as the tax has not yet been levied by the College and will not be levied until December 2022 and, therefore, the levy is not measurable at June 30, 2022.

**6. PENSION PLAN**

Plan Description

The College contributes to the State Universities Retirement System of Illinois (SURS or the System), a cost-sharing multiple-employer defined benefit pension plan with a special funding situation whereby the State of Illinois makes substantially all actuarially determined required contributions on behalf of the participating employers. SURS was established July 21, 1941 to provide retirement annuities and other benefits for staff members and employees of the state universities, certain affiliated organizations and certain other state educational and scientific agencies and for survivors, dependents and other beneficiaries of such employees. SURS is considered a component unit of the State of Illinois' financial reporting entity and is included in the state's financial reports as a pension trust fund. SURS is governed by Section 5/15, Chapter 40, of the Illinois Compiled Statutes. SURS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by accessing the website at [www.SURS.org](http://www.SURS.org).

Benefits Provided

A traditional benefit plan was established in 1941. Public Act 90-0448 enacted effective January 1, 1998, established an alternative defined benefit program known as the portable benefit package. The traditional and portable plan Tier 1 refers to members that began participation prior to January 1, 2011. Public Act 96-0889 revised the traditional and portable benefit plans for members who begin participation on or after January 1, 2011 and who do not have other eligible Illinois reciprocal system services. The revised plan is referred to as Tier 2. New employees are allowed six months after their date of hire to make an irrevocable election. A summary of the benefit provisions as of June 30, 2021, can be found in the System's annual comprehensive financial report notes to the financial statements.

Contributions

The State of Illinois is primarily responsible for funding the System on behalf of the individual employers at an actuarially determined amount. Public Act 88-0593 provides a Statutory Funding Plan consisting of two parts: (i) a ramp-up period from 1996 to 2010 and (ii) a period of contributions equal to a level percentage of the payroll of active members of the System to reach 90% of the total Actuarial Accrued Liability by the end of Fiscal Year 2045. Employer contributions from "trust, federal and other funds" are provided under Section 15-155(b) of the Illinois Pension Code and require employers to pay contributions which are sufficient to cover the accruing normal costs on behalf of applicable employees. The employer normal cost for fiscal year 2021 and 2022 was 12.70% and 12.32%, respectively, of employee payroll. The normal cost is equal to the value of current year's pension benefit and does not include any allocation for the past unfunded liability or interest on the unfunded liability. Plan members are required to contribute 8% of their annual covered salary except for police officers and firefighters who contribute 9.50% of their earnings. The contribution requirements of plan members and employers are established and may be amended by the Illinois General Assembly.

Participating employers make contributions toward separately financed specific liabilities under Section 15.139.5(e) of the Illinois Pension Code (relating to contributions payable due to the employment of "affected annuitants" or specific return to work annuitants) and Section 15.155(g) (relating to contributions payable due to earning increases exceeding 6% during the final rate of earnings period).

Net Pension Liability

At June 30, 2021 and 2020, SURS reported a net pension liability (NPL) of \$28,528,477,079 and \$30,619,504,321, respectively. The net pension liability was measured as of June 30, 2021 and 2020, respectively.

- a. Pension Liabilities, Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Employer Proportionate Share of Net Pension Liability

The amount of the proportionate share of the net pension liability to be recognized for the College in the 2021 and 2020 financial statements is \$0. The proportionate share of the state's net pension liability associated with the College is \$177,539,560 or 0.6223% as of June 30, 2021 and \$190,553,136 or 0.6239% as of June 30, 2020. This amount is not recognized in the financial statement due to the special funding situation. The net pension liability was measured as of June 30, 2021 and 2020, respectively, and the total pension liability used to calculate the net pension liability was determined based on the June 30, 2020 and 2019 actuarial valuations rolled forward. The basis of allocation used in the proportionate share of net pension liability is the actual reported pensionable earnings made to SURS during fiscal year 2021 and 2020.

Pension Expense

At June 30, 2021, SURS reported a collective net pension expense of \$2,342,460,058 and at June 30, 2020, SURS reported a collective net pension expense of \$3,364,411,021.

Employer Proportionate Share of Pension Expense

The College's proportionate share of collective net pension expense is recognized as both revenue and matching expense in the financial statements. The basis of allocation used in the proportionate share of collective pension expense is the actual reported pensionable earnings made to SURS during fiscal years 2022 and 2021. As a result, the College recognized revenue and pension expense of \$14,577,691 for the fiscal year ended June 30, 2022 and \$20,990,021 for the fiscal year ended June 30, 2021.

Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Deferred outflows of resources are the consumption of net assets by the College that is applicable to future reporting periods. The College paid \$152,932 in federal, trust or grant contributions for the fiscal year ended June 30, 2022 and \$258,413 as of June 30, 2021. These contributions were made subsequent to the pension liability measurement date of June 30, 2021 and 2020 and are recognized as deferred outflows of resources as of June 30, 2022 and 2021.

b. Assumptions and Other Inputs

Actuarial Assumptions

2021

Actuarial assumptions. The actuarial assumptions used in the June 30, 2021, valuation were based on the results of an actuarial experience study for the period from June 30, 2017, through June 30, 2020. The total pension liability in the June 30, 2021, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25%
Salary increases	3.25% to 12.25%, including inflation
Investment rate of return	6.50% beginning with the actuarial valuation as of June 30, 2021

Mortality rates were based on the Pub-2010 employee and retiree gender distinct tables with projected generational mortality and a separate mortality assumption for disabled participants.

2020

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period June 30, 2014-2017. The total pension liability in the June 30, 2020, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25%
Salary increases	3.25% to 12.25%, including inflation
Investment rate of return	6.75% beginning with the actuarial valuation as of June 30, 2018

Mortality rates were based on the RP2014 White Collar, gender distinct tables with projected generational mortality and a separate mortality assumption for disabled participants.

b. Assumptions and Other Inputs (Continued)

Actuarial Assumptions (Continued)

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return were adopted by the plan's trustees after considering input from the plan's investment consultant(s) and actuary(s). For each major asset class that is included in the pension plan's target asset allocation as of June 30, 2021 and 2020, these best estimates are summarized in the following tables:

Discount Rate

A single discount rate of 6.12% for 2021 and 6.49% for 2020 was used to measure the total pension liability. This single discount rate was based on an expected rate of return on pension plan investments of 6.50% for 2021 and 6.75% for 2020 and a municipal bond rate of 1.92% for 2021 and 2.45% for 2020 (based on the weekly rate closest to but not later than the measurement date of the 20-Year Bond Buyer Index as published by the Federal Reserve). The projection of cash flows used to determine this single discount rate were the amounts of contributions attributable to current plan members and assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the statutory

contribution rates under the System’s funding policy. Based on these assumptions, the pension plan’s fiduciary net position and future contributions were sufficient to finance the benefit payments through the year 2075. As a result, the long-term expected rate of return on pension plan investments was applied to projected benefit payments through the year 2075, and the municipal bond rate was applied to all benefit payments after that date.

Defined Contribution Pension Plan

a. Plan Description

2022

The College contributes to the Retirement Savings Plan (RSP) administered by the State Universities Retirement System (SURS), a cost-sharing multiple-employer defined contribution pension plan with a special funding situation whereby the State of Illinois (State) makes substantially all required contributions on behalf of the participating employers. SURS was established July 21, 1941, to provide retirement annuities and other benefits for staff members and employees of state universities, certain affiliated organizations and certain other state educational and scientific agencies and for survivors, dependents and other beneficiaries of such employees. SURS is governed by Chapter 40, Act 5, Article 15 of the Illinois Compiled Statutes. SURS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by accessing the website at [www.SURS.org](http://www.SURS.org). The RSP and its benefit terms were established and may be amended by the State's General Assembly.

b. Benefits Provided

A defined contribution pension plan, originally called the Self-Managed Plan, was added to SURS benefit offerings as a result of Public Act 90-0448 enacted effective January 1, 1998. The plan was renamed the RSP effective September 1, 2020, after an extensive plan redesign. New employees are allowed six months after their date of hire to make an irrevocable election whether to participate in either the traditional or portable defined benefit pension plans or the RSP. A summary of the benefit provisions as of June 30, 2021, can be found in SURS Annual Comprehensive Financial Report - Notes to the Financial Statements.

c. Contributions

All employees who have elected to participate in the RSP are required to contribute 8% of their annual covered earnings. Section 15-158.2(h) of the Illinois Pension Code provides for an employer contribution to the RSP of 7.60% of employee earnings. The State is primarily responsible for contributing to the RSP on behalf of the individual employers. Employers are required to make the 7.60% contribution for employee earnings paid from "trust, federal, and other funds" as described in Section 15-155(b) of the Illinois Pension Code. The contribution requirements of plan members and employers were established and may be amended by the State's General Assembly.

d. Forfeitures

Employees are not vested in employer contributions to the RSP until they have attained five years of service credit. Should an employee leave SURS-covered employment with less than five years of service credit, the portion of the employee's RSP account designated as employer contributions is forfeited. Employees who later return to SURS-covered employment will have these forfeited employer contributions reinstated to their account, so long as the employee's own contributions remain in the account. Forfeited employer contributions are managed by SURS and are used both to reinstate previously forfeited contributions and to fund a portion of the State's contributions on behalf of the individual employers. The vesting and forfeiture provisions of the RSP were established and may be amended by the State's General Assembly.

e. Pension Expense Related to Defined Contribution Pensions

Defined Contribution Pension Expense:

For the year ended June 30, 2021, the State's contributions to the RSP on behalf of individual employers totaled \$76,280,832. Of this amount, \$70,403,460 was funded via an appropriation from the State and \$5,877,372 was funded from previously forfeited contributions.

Employer Proportionate Share of Defined Contribution Pension Expense:

The employer proportionate share of collective defined contribution pension expense is recognized as nonoperating revenue with matching operating expense (compensation and benefits) in the financial statements. The basis of allocation used in the proportionate share of collective defined contribution pension expense is the actual reported pensionable contributions made to the RSP during fiscal year 2021. The College's share of pensionable contributions was 0.2771%. As a result, the College recognized revenue and defined contribution pension expense of \$211,367 from this special funding situation during the year ended June 30, 2022, of which \$16,286 constituted forfeitures.

**8. EARLY RETIREMENT BENEFITS**

The College offered three early retirement incentive plans for certain eligible employees. The first plan began June 1999, and the College offered an early retirement plan to all employees with 20 years of full-time service and are SURS eligible for retirement who elected to retire prior to or at the end of fiscal year 2003. The plan offered a percentage of the employees' salary. In addition, the employee received this same amount paid over a one to two-year period, based on when they elected to retire. The College also provided postretirement health care benefits to employees who elected the above described early retirement plan. Employees could elect to remain on the College's general health plan or transfer to the State of Illinois College Insurance Program (CIP). Employees that elected to remain on the College's health insurance plan could select coverage for single, single plus one and family.

Employees that elected to take the single plan, the College pays 100% of their health insurance. Employees who elected the single plus one plan are required to pay annual premiums to the College of approximately \$7,600, and the College pays the remaining amount. To estimate the health insurance liability, the College used annual health plan cost for single, single plus one and family and calculated a medical inflation rate of 12% compounded each fiscal year through fiscal year 2029 for each employee to account for the expected increase in health insurance to be paid by the College for the retirees.

For those employees that elected the CIP option, the College reimburses up to \$1,630, or the actual cost of annual CIP premium, whichever is less, up to age 65. To be eligible for this reimbursement, the retiree must participate in a Wellness Program sponsored by the College at a cost of \$120. Upon successful completion of the program, the \$120 fee is refunded to the retiree. The costs associated with the health insurance and CIP benefits are accrued in termination benefits liability. At June 30, 2022 and 2021, the College has accrued \$202,714 and \$226,563, respectively. At June 30, 2022 and 2021, the number of retirees covered by the College's general health insurance plan was one. At June 30, 2022 and 2021, the number of retirees covered by the College's CIP plan was zero.

In June 2017, the third retirement incentive plan was offered to all employees that were either 62 years or older with 15 plus years of Rock Valley College service, 55 years or older with 20 plus years of Rock Valley College service or any age with 30 plus years of Rock Valley College service. Employees that retired under this plan could elect to retire by June 30, 2020 and receive 6% increase in base pay on their annual salary. All employees opting to retire under this plan were also eligible to a reimbursement of 50% of the cost of their annual premium for the State of Illinois CIP up to age 65. The costs associated with these benefits are accrued in termination benefits liability. At June 30, 2022 and 2021, the College has accrued \$50,600 and \$28,600, respectively. At June 30, 2022 and 2021, the number of retirees covered by this plan was five and three, respectively.

**9. RETIREE HEALTH PLAN**

Plan Description

In addition to the pension plan described previously, the College contributes to CIP, a cost-sharing multiple-employer defined benefit postemployment healthcare plan administered by the State of Illinois. CIP provides health, vision and dental benefits to retired staff and beneficiaries of participating community colleges. The benefits, employer, employee, retiree and state contributions are dictated by Illinois Compiled Statutes (ILCS) through the State Group Insurance Act of 1971 (Act) and can only be changed by the Illinois General Assembly. Separate financial statements, including required supplementary information, may be obtained from the Department of Healthcare and Family Services, 201 South Grand Avenue East, Springfield, Illinois 62763.

The Act requires every active contributor (employee) of SURS to contribute 0.50% of covered payroll and every community college district to contribute 0.50% of covered payroll. Retirees pay a premium for coverage that is also determined by ILCS. The State Pension Funds Continuing Appropriation Act (40/ILCS 15/1.4) requires the State of Illinois to contribute 0.50% of estimated covered payroll directly to the plan. The result is pay as you go financing of the plan.

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of CIP and additions to/deductions from CIP's fiduciary net position have been determined on the same basis as they are reported by CIP. For this purpose, CIP recognizes benefit payments when due and payable in accordance with the benefit terms. Investments, if any, are reported at fair value, except for money market investments and participating interest-earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

At June 30, 2022, the College reported a liability of \$23,995,913 for its proportionate share of the total OPEB liability that reflected a reduction for state OPEB support of \$23,995,913 resulting in a total OPEB liability associated with the College of \$47,991,826. The OPEB liability was measured as of June 30, 2021 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation performed as of June 30, 2020, rolled forward to June 30, 2021. The College's proportion of the net OPEB liability was based on the College's actual contributions to the OPEB plan relative to the projected contributions of all participating colleges and the State of Illinois, statutorily determined. At June 30, 2022, the College's proportionate share was 1.382625%.

The College's proportion of the net OPEB liability was based on the College's actual contributions to the OPEB plan relative to the projected contributions of all participating colleges and the State of Illinois, statutorily determined. At June 30, 2021, the College's proportionate share was 1.335003%.

For the year ended June 30, 2022, the College recognized OPEB expense of \$397,757 and revenue of \$397,757 for support provided by the state. At June 30, 2022, the College reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

\$129,206 reported as deferred outflows or resources related to OPEB resulting from the College contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability for the measurement period ended June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to CIP will be recognized in OPEB expense as follows:

<u>Year Ending</u> <u>June 30,</u>

2021

Actuarial assumptions. The total OPEB liability was determined by an actuarial valuation as of June 30, 2019, rolled forward to June 30, 2020, the measurement date, using the following actuarial assumptions, applied to all periods included in the measurement date, unless otherwise specified.

Assumptions	
Inflation	2.25%
Salary increases	3.25% to 12.25%
Investment rate of return	0.00%
Healthcare cost trend rates	8.25% trending to 4.25%
Asset valuation method	Fair value

Mortality rates for retirement and beneficiary annuitants were based on the RP-2014 White Collar Annuitant Mortality Table. For disabled annuitants mortality rates were based on the RP-2014 Disabled Annuitant table. Mortality rates for pre-retirement were based on the RP-2014 White Collar Table. Tables were adjusted for SURS experience. All tables reflect future mortality improvements using Projection Scale MP-2017. The actuarial assumptions used in the June 30, 2019, valuation were based on the results of an actuarial experience study for the period June 30, 2014 to June 30, 2017.

Projected benefit payments were discounted to their actuarial present value using a Single Discount Rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits) and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bond with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met). Since CIP is financed on a pay-as-you-go basis, a discount rate consistent with the 20-year general obligation bond index has been selected. The discount rates were 1.92% as of June 30, 2021, and 2.45% as of June 30, 2020.

**10. RISK MANAGEMENT**

The College is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disaster.

**10. RISK MANAGEMENT (Continued)**

The College participates in the Illinois Community College Risk Management Consortium (Consortium) which operates as a public entity risk pool for the member colleges. The Consortium was established in 1981 by several Chicago area community colleges as a means of reducing the cost of general liability insurance for its college members. The main purpose of the Consortium is to jointly self-insure certain risks up to an agreed upon retention limit and to obtain excess catastrophic coverage and aggregate stop-loss reinsurance over the selected retention limit. The excess coverage including underlying policies coverage is as follows; crisis response (\$250 thousand); identity protection and crime (\$1 million); boiler and machinery (\$100 million); property (\$500 million); general liability, law enforcement liability, campus security, employee benefits, student practices, auto liability and educator’s legal liability (\$19.75 million); employer’s liability portion of worker’s compensation (\$1.5 million); and foreign liability (\$2 million). Since the Consortium requests initial payments to cover substantially any losses to be incurred for that policy year, the College anticipates no future liabilities for incurred losses.

The College is self-insured for employee hospital, surgical, medical, prescriptions, vision and major medical benefits up to approximately \$6,092,477 in the aggregate per year and for employee dental benefits up to \$1,250 per covered person per year. The College has a specific stop loss on health claims of \$115,000 per claim and gets reimbursement for the amount above \$115,000. The self-insured programs are administered by a third party administrator (TPA) who processes the claims. The administration, with the help of an outside consultant, determines the funding requirements and the selection of the TPA. A liability for claims incurred but not paid as of the fiscal year end, including as estimate of incurred but not reported claims has been accrued as of June 30, 2022 and 2021.

An analysis of claim activities consisted of the following at June 30:

	2022	2021	2020
CLAIMS PAYABLE, JULY 1	\$ 1,041,886	\$ 1,090,997	\$ 1,026,344
Claims paid	(6,079,652)	(4,646,833)	(9,205,852)

CLAIMS PAYABLE, JUNE 30	<u>\$ 1,257,424</u>	<u>\$ 1,041,886</u>	<u>\$ 1,090,997</u>

Settled claims have not exceeded insurance coverage in the current year or the three previous fiscal years.

**11. RELATED PARTY TRANSACTIONS**

The College provides office space, equipment and support services for the Foundation. The value of such in-kind benefits to the Foundation was \$82,689 and \$24,815 for the years ended June 30, 2022 and 2021, respectively.

As of June 30, 2022 and 2021, cash gifts received by the Foundation from college employees amounted to approximately \$20,347 and \$20,109, respectively.

**12. TAX ABATEMENTS**

The College rebates property taxes to recruit, retain, or improve local business facilities or their supporting public infrastructure under certain circumstances. The terms of these rebate arrangements are specified within written agreements with the businesses concerned.

The College has an agreement with an industrial equipment supplier to rebate 50% of its share of property taxes paid for costs associated with the acquisition and development of property, including the construction of a 120,000 square building which would employ approximately 70 people. The term of the agreement is five years commencing with 2014 real estate taxes payable in 2015. In the event that the company stops doing business in the County of Winnebago before the abatement period is over, the abatement of the College's real estate property taxes shall cease. As of June 30, 2022 and 2021, an immaterial amount of property taxes have been abated.

The College has entered into an intergovernmental agreement with several units of local government in the Rockford area to abate property taxes for a recreational facility that is being leased out by the Rockford Park District. The College has agreed to abate property taxes for the lessor of ten years from the commencement date of the lease or the termination of the lease. As of June 30, 2022 and 2021, an immaterial amount of property taxes have been abated.

**13. LESSOR DISCLOSURES**

In accordance with GASB Statement No. 87, *Leases*, the College's lessor activity is as follows:

The College entered into a lease arrangement on January 1, 2017, to lease certain facility space. Payments of \$43,086 are due to the College in monthly installments, through 2037. The lease agreement is noncancelable and maintains an interest rate of 1.96%. During the fiscal year 2022 and 2021, the College collected \$517,028 and \$517,028, respectively, and recognized a \$375,206 and \$382,560 reduction in the related deferred inflow of resources, respectively. The remaining lease receivable and offsetting deferred inflow of resource for this agreement is \$6,860,645 and \$6,478,085 as of June 30, 2022 and 2021, respectively.

**14. OTHER ASSETS**

The College entered into an agreement on June 14, 2019 for an intangible broadband agreement. Payments of \$48,000 to \$85,241 are due to the College in monthly installments, through 2049. During the fiscal year 2022 and 2021, the College collected \$49,939 and \$48,960, respectively, and recognized a \$21,178 and \$19,776 reduction in the related receivable and unearned revenue, respectively. The remaining receivable and offsetting unearned revenue for this agreement is \$1,322,789 and \$1,343,967 as of June 30, 2022 and 2021, respectively.

**15. CHANGE IN ACCOUNTING PRINCIPLE**

For the fiscal year ended June 30, 2021, the College implemented GASB Statement No. 87, *Leases*. With the implementation, the College is required to record the beginning net position of leases as intangible capital assets and lease liabilities.

The beginning net position of the has been restated as follows:

BEGINNING NET POSITION, AS PREVIOUSLY REPORTED	<u>\$ 80,861,929</u>
Recording of other noncurrent asset	1,800,369
Recording of unearned revenue	(1,800,369)

**16. DISCRETELY PRESENTED COMPONENT UNIT**

Rock Valley College Foundation (the Foundation) is a nonprofit corporation. The Foundation is organized and operated exclusively for educational purposes to assist in developing and augmenting the facilities and carrying out the educational functions of Rock Valley College, Illinois Community College District Number 511 (the College), to the end that there may be provided in the College community broader educational opportunities for, and service to, the students and alumni of the College and its community.

**ROCKFORD, ILLINOIS**  
NOTES TO FINANCIAL STATEMENTS (Continued)

---

**16. DISCRETELY PRESENTED COMPONENT UNIT (Continued)**

A summary of the Foundation's significant accounting policies follows:

a. Financial Statement Presentation

These financial statements, which are presented on the accrual basis of accounting, have been prepared to focus on the Foundation as a whole and to present balances and transactions according to the existence or absence of donor-imposed restrictions. This has been accomplished by classification of fund balances and transactions into two classes of net assets: without donor restrictions and with donor restrictions. Accordingly, net assets and changes therein are classified as follows:

Net Assets Without Donor Restrictions

Undesignated - Net assets that are not subject to donor-imposed restrictions or Board designations.

Board Designated - Net assets subject to restrictions imposed by the Board and determined to be unavailable for general use.

Net Assets With Donor Restrictions

Net assets subject to donor-imposed restrictions that either expire by passage of time, can be fulfilled and removed by actions of the Foundation pursuant to those restrictions, or maintained permanently by the Foundation.

b. Accounting Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses, including functional allocations during the reporting period. Actual results could differ from those estimates.

c. Cash and Cash Equivalents

The Foundation considers all highly liquid investments with an original maturity of 90 days or less to be cash equivalents. Cash equivalents consist primarily of money market accounts.

**ILLINOIS COMMUNITY COLLEGE DISTRICT NUMBER 511**  
**ROCKFORD, ILLINOIS**  
NOTES TO FINANCIAL STATEMENTS (Continued)

**16. DISCRETELY PRESENTED COMPONENT UNIT (Continued)**

c. Cash and Cash Equivalents (Continued)

The Foundation maintains its cash and cash equivalents in financial institutions, which at times may exceed federally insured limits. At June 30, 2022, the Foundation's accounts exceeded federally insured limits by about \$45,000. The Foundation has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash.

d. Revenue Recognition

Donations and Special Event

All donations and special event revenue are considered available for the Foundation's general programs unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor are reported as support with donor restrictions. When a restriction expires net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions.

The Foundation recognizes donations and special event revenue when an unconditional promise to give cash, securities, other assets, services or space, is received. Conditional promises to give - that is, those with a measurable performance or other barrier and a right of return - are not recognized until the conditions on which they depend have been met.

Unconditional pledges expected to be collected within one year are reported at their net realizable value. Unconditional pledges expected to be collected in more than one year are initially reported at fair value determined using the discounted present value of estimated future cash flows technique based on a risk adjusted rate at the date the promise is made. Amortization of discounts is recorded as additional donation revenue in accordance with donor-imposed restrictions, if any, on the contributions. An allowance for uncollectible contributions is provided based upon management's judgment including such factors as prior collection history, type of contribution, and nature of fundraising activity. Based on information available, the Foundation believes its allowance for uncollectible contributions in the amount of \$11,470 as of June 30, 2022, is adequate. However, actual write-offs may exceed the recorded allowance.

**16. DISCRETELY PRESENTED COMPONENT UNIT (Continued)**

d. Revenue Recognition (Continued)

Donated Goods

The Foundation recognizes the fair value of contributed services received if such services create or enhance nonfinancial assets or require specialized skills that are provided by individuals possessing those skills and would typically need to be purchased if not contributed. Donated assets are recorded in the financial statements as assets and revenue or transfers from affiliate at their estimated fair value on the dates the assets are contributed.

e. Investments

The Foundation's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investment income or loss (including gains and losses on investments, interest and dividends) is included in the statement of activities as increases or decreases in unrestricted net assets unless the income or loss is restricted by donor or law. All earnings on permanently restricted investments are temporarily restricted for educational programs unless restricted by donor or law. Purchases and sales of securities are recorded on trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Interest income is reported net external and direct internal investment expenses.

f. Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the statement of activities and statement of functional expense. Accordingly, certain costs have been allocated among the programs and supporting services benefited. Costs are directly charged when feasible. Costs that cannot be directly charged (salaries and wages) are allocated based on time and effort.

g. Collections

Collections of art acquired through purchases and contributions since the Foundation's inception are not recognized as assets on the statement of financial position. Art objects are held for educational and curatorial purposes and are subject to a policy that requires proceeds from their sales to be used to acquire other items for collections.

**ILLINOIS COMMUNITY COLLEGE DISTRICT NUMBER 511**  
**ROCKFORD, ILLINOIS**  
NOTES TO FINANCIAL STATEMENTS (Continued)

---

**16. DISCRETELY PRESENTED COMPONENT UNIT (Continued)**

g. Collections (Continued)

Purchases of collection items are recorded as decreases in net assets without donor restrictions in the year in which the items are acquired or as net assets with donor restrictions if the assets used to purchase the items are restricted by donors. Contributed collection items are not reflected on the financial statements. Proceeds from deaccessions or insurance recoveries are reflected as increases in the appropriate net asset classes.

h. Prior Year Information

The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Foundation's financial statements for the year ended June 30, 2021, from which the summarized information was derived.

i. New Accounting Pronouncements

In February 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Updated (ASU) No. 2016-02, *Leases (Topic 842)*, to increase the transparency and comparability about leases among entities. The new guidance requires lessees to recognize a lease liability and a corresponding lease asset for virtually all lease contracts. It also requires additional disclosures about leasing arrangements. ASU No. 2016-02, as amended by ASU No. 2020-05, is effective for annual periods beginning after December 15, 2021 and interim periods within fiscal years beginning after December 15, 2022. ASU No. 2016-02 originally specified a modified retrospective transition method which requires the entity to initially apply the new leases standard at the beginning of the earliest period presented in the financial statements. In July 2018, FASB issued ASU No. 2018-11, *Leases (Topic 842): Targeted Improvements*, providing a second, optional transition method which allows the entity to apply the new standard at the adoption date and recognize a cumulative-effect adjustment to the opening balance of net assets in the period of adoption. The Foundation is currently assessing the impact of this new standard including the two optional transition methods.

i. New Accounting Pronouncements (Continued)

In September 2020, FASB issued ASU 2020-07 on Topic 958, *Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets*. This standard requires nonprofits to change their financial statement presentation and disclosure of contributed nonfinancial assets, or gifts-in-kind. The standard is effective for annual reporting periods beginning after June 15, 2021, and interim periods with annual reporting periods beginning after June 15, 2022. The Foundation is currently assessing the impact of this new standard.

## **INDEPENDENT AUDITOR'S REPORT**

Board of Trustees  
Rock Valley College  
Illinois Community College  
District Number 511  
Rockford, Illinois

### **Opinions**

We have audited the accompanying balance sheets of Rock Valley College - Illinois Community College District Number 511's (the College), State Adult Education and Family Literacy Grant Programs as of June 30, 2022, and the related statement of revenues, expenditures and changes in program balance for the year then ended and the notes to financial statements - grants programs.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Rock Valley College - Illinois Community College District Number 511's State Adult Education and Family Literacy Grant Programs as of June 30, 2022, and the changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the guidelines of the Illinois Community College Board (ICCB) *Fiscal Management Manual*. Our responsibilities under these standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the College and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Emphasis of Matter**

The accompanying balance sheet and statement of revenues, expenditures and changes in program balances were prepared for the purpose of complying with the terms of the ICCB Grants and are not intended to be a complete presentation of the College's revenue and expenditures in conformity with accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

### **Other Matters**

Our audit was conducted for the purpose of forming opinions on the balance sheet the College's State Adult Education and Family Literacy Grant Programs as of June 30, 2022, and the related statement of revenues, expenditures and changes in program balances for the year then ended. The schedule of expenditure amounts and percentages for ICCB Grant Funds only is presented for purposes of additional analysis and is not a required part of these financial statements. The schedule of expenditure amounts and percentages for ICCB Grant Funds only is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare these financial statements. The information has been subjected to the auditing procedures applied in the audit of these financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to these financial statements as a whole.

In connection with our audit, nothing came to our attention that caused us to believe that the College failed to comply with the terms, covenants, provisions or conditions of the agreements, insofar as they relate to accounting matters. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the College's noncompliance with the above-referenced terms, covenants, provisions or conditions of the agreements, insofar as they relate to accounting matters.

**INDEPENDENT ACCOUNTANT’S REPORT ON ENROLLMENT DATA  
AND OTHER BASES UPON WHICH CLAIMS ARE FILED AND  
SUPPORTING RECONCILIATION OF SEMESTER CREDIT HOURS**

Board of Trustees  
Rock Valley College  
Illinois Community College  
District Number 511  
Rockford, Illinois

We have examined management of Rock Valley College - Illinois Community College District Number 511’s (the College) assertion that the College complied with the guidelines of the Illinois Community College Board’s *Fiscal Management Manual* included in the accompanying Schedule of Enrollment Data and Other Bases Upon Which Claims are Filed and the Reconciliation of Total Semester Credit Hours of Rock Valley College during the period July 1, 2021 through June 30, 2022. The College’s management is responsible for its assertion. Our responsibility is to express an opinion on management’s assertion about the College’s compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether management’s assertion about compliance with the specified requirements is fairly stated, in all material respects. An examination involves performing procedures to obtain evidence about whether management’s assertion is fairly stated, in all material respects. The nature, timing and extent of the procedures selected depend on our judgment, including an assessment of the risks of material misstatement of management’s assertion, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

Our examination does not provide a legal determination on the College’s compliance with the specified requirements.

In our opinion, management’s assertion that the College complied with the guidelines of the Illinois Community College Board’s *Fiscal Management Manual* included in the accompanying Schedule of Enrollment Data and Other Bases Upon Which Claims are Filed and the Reconciliation of Total Semester Credit Hours of Rock Valley College is fairly stated, in all material respects.

A student's legal residence is used to determine the student's residency for both tuition calculation and submission of reports for state funding purposes. According to ICCB guidelines, a student must reside within the district for at least 30 days prior to the start of the semester in order to meet in district residency requirements.

The College uses the U.S. Postal Service to verify a student's permanent residence. If there is a question about a student's residency, the student must submit a combination of three types of documentation:

- 1) Valid Illinois driver's license or motor vehicle registration
- 2) Voter's registration card
- 3) Real estate tax bill showing liability to the College
- 4) Apartment lease
- 5) Contract of sale for a new home
- 6) Utility bill
- 7) Rent receipt

Each case is treated individually and documentation tailored to the student's specific situation.
